MACLEOD U. F. A. FEDERAL BODY HELD ANNUAL CONVENTION—BAD ROADS KEPT ATTENDANCE DOWN—COOTE SPOKE

The annual convention of the U. F. A. Federal association of the Macleod riding was held in the town hall, Macleod, Monday afternoon. On account of the heavy rains and storms in certain parts of the riding Sunday and Sunday night the roads were impassable for cars, making the attendance at the convention much less than was expected. However there were about 40 delegates present when the president, Stephen Lunn of Cowley, called the meeting to order.

On opening the meeting the chairman called on Mayor J. W. McDonald, K.C., who was present to give a welcome to the delegates of the convention. Mayor McDonald said he was pleased to be present in his official capacity, as this was one of the pleasant duties which his office as mayor called him to perform. He was present to give them not only a municipal welcome but a personal welcome, and although he did not always see eye to eye with them on certain matters politically, nevertheless he believed the U. F. A. had done a great deal of good to the

farmers of the province, and for that reason it was a pleasure for him to welcome their convention to Macleod. Mr. Lunn notably replied to Mr. McDonald's address.

II. Spencer of Parkland, secretary of the association, gave the annual reports which were very satisfactory, the financial statements showing a good balance in hand.

Decrease in Membership

The chairman gave a short address, dealing principally with the membership of the association, showing that there was a slight decrease for 1927 compared to 1926. He attributed the difference to the fact that an election was held last year, at that was no excuse, that they should realize their duties as farmers in supporting their own organization to the fullest extent. He said that the U. F. A. was the best farmers organization in existence today, and their motto was "Come in—Stay in." He referred to work done by the U. F. A. members at Ottawa, during the past session and congratulated them on the work they had accomplished.

The election of officers of the association for 1927-28 resulted in Stephen Lunn being re-elected president, and W. H. Shield, M.L.A., vice-president. The executive will consist of two from each provincial riding, and the constituency, one from the U. F. A. and one from the F.W.A.

A. W. H. Shield, M.L.A., was called on to give an account of the Workmen's Compensation Act, and in doing so, explained very fully the position of farmers in relation to the act. He stated that there was movement on foot at the present time to have the farmers included in the act, and suggested that a resolution should be passed at this convention, for the executive to take this matter up with the provincial authorities.

A representative of the Southern Alberta Co-operative Livestock association, who was present, gave a short account of the work of that association during the past year, and their prospects for the future.

Coote Speaks

G. G. Coote, M.P., was the next speaker, and in opening made reference to the death of Mr. Skelding. He then spoke of the splendid work which had been done for the association by the secretary, Mr. Spencer, especially during the election campaign last year.

Mr. Coote launched out in a most interesting and instructive account of the work of the past session at Ottawa, giving in vivid detail a description of a number of the most important bills passed during the session. He first spoke of the resolution that was passed at High River which recommended that the U. F. A. group should retain their identity as an independent group. This they had done, and they were the third largest group in the house. He said that the political creed of the house was to co-operate with any group, which would support and pass legislation which would benefit the farmers and the country at large. He told of the number of bills which they as a group had opposed successfully which they did not consider were for the good of the country. They had opposed the Georgian Bay bill, because they did not believe that the canals should be owned by private corporations.

Pension Bill

He described very fully the Old Age Pension bill, and the benefits it will afford to aged people. He said that the provisions of the bill were of the kind which they as a group had opposed successfully which they did not consider were for the good of the country. They had opposed the Georgian Bay bill, because they did not believe that the canals should be owned by private corporations.

Plan Monument to Father

Lacombe
Plans are being made for the erection of a monument to the memory of the late Father Lacombe, it was announced at the centenary celebration in honor of this famous priest, patriot and pioneer at St. Albert on July 10th. Several thousand residents of Edmonton and the St. Albert district were present and witnessed the unveiling by Hon. Perren Baker of the marble tablet to mark the site of the first bridge built west of the Great Lakes by Father Lacombe in 1862. A number of prominent Albertans paid glowing tributes to the work of this great pioneer in the building up of the West.

Good Prospects for Sheep Industry

Prospects for the sheep industry are most hopeful this year with good prices in sight for both lambs and wool, stated W. H. J. Tisdale, assistant manager of the Canadian Co-operative Wool Growers' Association, who has just completed a tour of the wool growing districts of the West. Comparatively heavy losses in the lamb crop in some of the range areas, it is expected will be reflected in higher prices on the lamb market and the general quality of the wool clip this season is reported to be decidedly better than the average.

More Telephones in Operation

A net gain of 36 telephones in operation for the month of June is reported by the Alberta Government Telephone System. A total of 62 new rural phones were installed, while a decrease of 26 exchange phones is shown for the month. Considerable repair work has been necessary following the damage done to rural lines by storms and wind in a number of districts during the present month.

Alberta Poultry for Big Congress

Following their selection by the committee in charge, the enrolment of live birds which will represent Alberta flocks at the World's Poultry Congress in Ottawa, July 27 to August 4, was loaded at Edmonton and Calgary on Friday and Saturday for shipment east in charge of P. J. Timme. A comprehensive exhibit of agricultural products from the province is now en route to Ottawa where it will advertise Alberta to the visitors from many countries who will be in attendance

under control in the next two or three years.

A special vote of thanks was passed to Mr. Coote for his address and for his work in the house of commons.

The convention then closed with the National Anthem.

DEMSEY WON IN SEVENTH ROUND

New York, July 21.—Jack Dempsey paved his way back to the foot of the heavyweight championship fight throne here tonight, when he knocked out Jack Sharkey, the Boston brawler, in the seventh round.

It was a tight hook to the jaw which knocked Sharkey out, delivered when the Bostonian was sneezing in his knees, complaining about a low punch. Sharkey claimed it was the low blow which finished him, but Dempsey knocked him unconscious while Sharkey had his hands down.

Sharkey's grand confidence carried him to a glorious start and he had Dempsey ground at the end of the first round. Seconds were working on Dempsey when he went to his corner.

Cunning Style

Going back, however, Dempsey seemed to fight with more cunning, and he let Sharkey come on, smashing him savagely, and cutting down a good deal of the Bostonian's attacking force. Toward the fourth, Dempsey's mastery began to assert itself. He was carrying a lot of the fight to Sharkey, and the Boston boy appeared to hold off, always guarding himself from the vicious whip on Dempsey's right.

The decision was acclaimed by a wildly cheering crowd of 82,000, in the Yankee Stadium. Sharkey took the count of ten after going down from a vicious right hand wallop to the jaw. The Boston sailor had claimed a foul blow to the nose, which just before the climax, the referee, Jack O'Sullivan, refused to allow it and counted him out.

CAPITAL GOSSIP AND PROVINCIAL NEWS

Soil Scientists Visit Alberta

Delegates to the number of 200 representing some 30 countries on their way from the First International Congress of Soil Science at Washington, D.C., spent two days in Alberta in the course of a tour through the United States and Western Canada. Tuesday was spent at Jasper National Park, and on Wednesday they were entertained at Edmonton by the Board of Trade, the University of Alberta and the Provincial Government. The visitors were greatly impressed by the fertility of Alberta soil as indicated by the splendid crops seen during the day in the surrounding country.

W. J. Hackman has been appointed resident representative in the Argentine for the selling agency of the three Western Canadian Wheat Pools and will leave to take up his headquarters in Buenos Aires early in September. The appointment is the outcome of a trip which Mr. Hackman made to South America last year to inquire into the general conditions of the wheat trade in that country. It has since been decided by the Wheat Pools to be permanently represented there and while the office will be of a somewhat experimental character it is intended to give it a thorough trial in expectation of the two countries coming into fairly close relations as producers and exporters of wheat.

Plan Monument to Father

MACLEOD AUDIENCE HEARS VALUE OF TRAVELLERS' AID

A well attended representative meeting of women was held in the Parish Hall, Macleod, Monday afternoon under the auspices of the Macleod W.C.T.U. branch, and was presided over by the president, Mrs. Griffin. The meeting was called for the purpose of hearing an address from Dr. Sara B. Detwiler, superintendent of the Travellers' Aid department of the Canadian Women's Temperance Union.

Dr. Detwiler said Travellers' Aid is a work which has for many years been carried on in some of our cities, and the kind assistance given travellers by those women at the stations has been greatly appreciated and has become a source of comfort to strangers obliged to travel alone. In fact, many of us have learned to depend upon the Travellers' Aid women for any necessary information or advice we may require upon arrival in a strange city.

ST. ANDREW'S PRESBYTERIAN CHURCH

Rev. A. C. Wishart, minister.
Sunday, July 24th, 1927.
Services at 11 a.m. and 7.30 p.m. will be taken by Rev. W. E. Kelly, M.A., B.D., of Lethbridge.

The Sunday School, the Young Ladies' Bible Class, and the Young Men's Bible Class will meet at the close of the morning service.
Prayer meeting Wednesday evening at 8 o'clock.

A cordial welcome to the services especially to those who have no church home.

THE EMPRESS THEATRE -- CURRENT ATTRACTIONS

AMAZING GARB WORN BY COLLEEN MOORE IN LATEST -- DIFFICULTY ENCOUNTERED ASSEMBLING MISFITS FOR VIVACIOUS FIRST NATIONAL STAR IN "NAUGHTY BUT NICE"

The most remarkable wardrobe ever worn by an actress at the First National studio was displayed on the person of Colleen Moore for scenes in her newest comedy, "Naughty But Nice," which opens an engagement of two days at the Empress next Monday.

The outfit represents the idea of finery entertained by a plain, awkward, freckled girl on an isolated Texas ranch and she wears it when she sets forth for Washington, D. C., to enter a smart girl's finishing school near there.

Strangely, and yet naturally enough, this costume, with its outlandish pieces, was far more difficult to assemble than the stunning frocks worn by Miss Moore in other parts of the picture.

The supporting players in "Naughty But Nice," which was produced at the First National studio by John McCormick, include Donald Reed, Claude Gillingwater, Hallam Cooley, Kathryn McGuire, Edythe Chapman and Clarissa Selwynne.

JACK AND DOROTHY SWING TOMAHAWK -- HAVE EXCITING RUN-IN OVER COLOR OF BEDROOM SET -- "BATTLE" CAREFULLY PLANNED

Dorothy Mackall and Jack McHall, two of First National's most prominent young featured players, had a terrible squabble recently, it happened right out in the street, and passersby prepared to end in a call for the riot squad. However, it was all smoothed out and the young pair are now good friends.

Director Al Santell was the

pacemaker. You see, it was all part of a motion picture, of course. This pair, with Charles Murray, are featured in "Subway Sadie," which is the attraction at the Empress Theatre. Dorothy and Jack became engaged, according to the story, and went window shopping in an effort to line up some necessary furniture. They stopped in front of a furniture store and gazed at a bedroom suite. It was of satinwood, and Dorothy decided she wanted it. Jack, being a bit old fashioned, figured the brass bed became that was what his mother started housekeeping with.

And the row was on. It was a good one while it lasted, but Director Santell called a halt after enough footage had been shot. It is one of the real laughs of the picture, which, by the way, is filled with sparkling comedy.

"Subway Sadie" was produced under the supervision of Al Rockett, who, with his brother, will be remembered for their immortal picture, "Abraham Lincoln." Alfred A. Santell directed.

COSMOPOLITAN MAGAZINE COMEDIES AT THE EMPRESS

The "Wise-crackers," a bigger and better series of two reel comedies based on the same locale and characters as "The Telephone Girl," has just been released by F. B. O., and Episode No. 1 may be seen at the Empress Theatre Thurs.-Fri.-Sat., this week. Hotel St. Moie is again the background for the adventures of the sprightly Gladys Murgatroyd and her friends, Hazel, played this time by Lorraine Eaton and Thelma Hill. Al Cooke and Kit Guard are seen once more as the house detective and the bell captain, and furnish such a powerful supply of laughs that even the sourest pessimist would lose his record in the face of this joyous fun festival.

Danny O'Shea is Ben Warren, the "fighting" lover, and who is right there when it comes to breaking ribs and healing hearts. The story house of humor, the gifted pen of H. C. Witwer and was made into a hilarious screen self by the direction of Caryl Fleming.

MACLEOD AUDIENCE HEARS VALUE OF TRAVELLERS' AID

A well attended representative meeting of women was held in the Parish Hall, Macleod, Monday afternoon under the auspices of the Macleod W.C.T.U. branch, and was presided over by the president, Mrs. Griffin. The meeting was called for the purpose of hearing an address from Dr. Sara B. Detwiler, superintendent of the Travellers' Aid department of the Canadian Women's Temperance Union.

Dr. Detwiler said Travellers' Aid is a work which has for many years been carried on in some of our cities, and the kind assistance given travellers by those women at the stations has been greatly appreciated and has become a source of comfort to strangers obliged to travel alone. In fact, many of us have learned to depend upon the Travellers' Aid women for any necessary information or advice we may require upon arrival in a strange city.

ST. ANDREW'S PRESBYTERIAN CHURCH

Rev. A. C. Wishart, minister.
Sunday, July 24th, 1927.
Services at 11 a.m. and 7.30 p.m. will be taken by Rev. W. E. Kelly, M.A., B.D., of Lethbridge.

The Sunday School, the Young Ladies' Bible Class, and the Young Men's Bible Class will meet at the close of the morning service.
Prayer meeting Wednesday evening at 8 o'clock.

A cordial welcome to the services especially to those who have no church home.

ellers' Aid, it was pleasing to note the broad vision regarding this work possessed by the speaker. She did not suggest the formation of any new society, nor did she simply delegate the work to the local branches of her organization, but requested that all the local churches be linked up in the work. Her object is the moral safeguarding of our youth through preventive measures, and she solicited every church to have a part in the work.

The outline given for local co-operation showed a thorough and comprehensive study of the essentials of successful effort and the careful development of a system in which the minimum amount of energy expended in combined effort, produces maximum results.

The address convincingly showed the advantage of united effort of the churches along social lines, as compared with that made by churches individually and the benefit of having the community form a link in the chain of Travellers' Aid.

The address was listened to with rapt attention, and was very much appreciated by all present.

ROMANIAN RULER HAS PASS-ED ON

Bucharest, July 20.—King Ferdinand is dead.

The monarch died during the night at his summer residence at Sinaia. The regency council has begun to function.

King Ferdinand died shortly after two o'clock this morning. The family was at the bedside.

Order in Bucharest was not disturbed when the news became known.

Carol Notified

Paris, July 20.—King Ferdinand died at 2:15 o'clock this morning, says a message received by the Rumanian legation in Paris. The funeral, according to the message, probably will be Friday.

It is added that the regency council met immediately and that the political situation has not been disturbed.

At the legation it was stated that Carol had not been notified, the secretary saying the legation was "not interested in him."

King Ferdinand is succeeded by his grandson, Michael, five year-old son of Prince Carol, the latter being an exile in France, and who has renounced the throne in favor of his young son.

DISASTROUS HAIL STORM HITS MACLEOD DISTRICT

A destructive hail storm struck the Macleod District Wednesday afternoon about 3 o'clock. It started west of Macleod in the Mud Lake district, wiping out a number of farmers from 70 to 100 per cent, then travelled south through the Rathwell district on to the McBride Lake section. Then easterly through the Allenfields district on to the Standoff trail and Hazelmere district.

The amount of actual damage has not yet been ascertained as very few have reported their losses tonight, but it is believed that quite a large number of those who have suffered were not covered with insurance, as several sections of the hauled area has very seldom been struck with hail, they have been taking the risk for years. A considerable amount of damage was also done on Sunday night along the Kootenay River, the estimated damage being from 25 to 75 per cent, about eight farmers being struck with that storm.

MACLEOD AND CUBS TIE 1-1

What is considered the best game of the season, on the Macleod baseball diamond, was played Friday night between the Cubs of Lethbridge and the Macleod team. On account of the roads some of the Lethbridge boys were late in arriving and the game was an hour late in starting, making the game only seven innings. It was the last of the third innings before a run was made, O'Neil for Macleod making the first run. In the first of the fifth, J. Kover got through with the first run for the Cubs. No more runs were made, the game ending one all. D. Deiver for the Cubs and Burrows for Macleod both did excellent work on the mound, and the centre outfielder for the Cubs was the star fielder of the game, having caught out no less than six of the Macleod boys. The batteries were Lethbridge Cubs, D. Keiver and Lawson; Macleod Burrows and Long. Umpire, J. M. Paulson.

CHRIST CHURCH (ANGLICAN)

July 24th—Sixth Sunday after Trinity.
Divine service as follows:—
11:30 a.m.—Matins and Sermon
7.30 p.m.—Evensong and Sermon
Rev. G. McComas, M.A., Rector

MACLEOD UNITED CHURCH SERVICES

Services in the United Church Sunday, July 24th, at 11 a.m. and 7.30 p.m.
Sunday School at the close of the morning service.

Rev. L. C. Cooper will conduct services at Waterton School Sunday, July 24th, at 11 a.m.; and at Allenfields School at 3 p.m.

Food tastes better at a picnic. Well, no better than it always tastes to kids, who always employ picnic table manners.

It's easy to build up an air force. Just have factories enough to build planes faster than accidents can happen.

OBITUARY

DEATH OF GEORGE SKELDING

Another of Macleod's old timers passed over the "Great Divide" Sunday at noon, in the person of George Skelding, ex-M.L.A. for Macleod.

Mr. Skelding had been a great sufferer for a number of years and underwent one or two operations, which enabled him to attend to business, off and on, up to about a month ago, when he was confined to the house, and latterly to his bed.

George Skelding was born at Belmont, Ontario, 63 years ago, and the first we heard of him in the west was in 1885, when he worked in Lethbridge on the police barracks, which were erected in Lethbridge that year. He came to Macleod in 1887 and worked first at the I. G. Baker ranch, or Strong Ranch as it was known in those days. He then went to the Cochrane ranch and worked there for some time. Afterwards he came to Macleod and started his coal business at the old station at Haneyville. Later he joined Charlie Baker in the grocery and provision business which was carried on for many years under the name of Baker and Skelding, until they dissolved partnership when the business was sold to the Macleod Supply Co. George always carried on his coal business independent of the other business and was for many years the only coal dealer in Macleod. For that long number of years he represented and sold only the coal from the Galt mines, Lethbridge. About three years ago Mr. Skelding established a lumber yard, across the street from his coal office and shed; last year he put in a chopping mill and this spring he added a seed grain cleaner, which proved a great benefit to the farmers of the district, who were not slow to take advantage of the opportunity to have their seed grain properly cleaned.

Served as M. L. A.

George Skelding in his latter years, by his business acumen, proved himself to be one of Macleod's most progressive business men. Not only was Mr. Skelding a good business man, but he found time to take quite a lively interest in politics, and in 1917 he came out as the Liberal candidate in the provincial election. He was returned as the member and sat in the house in Edmonton till the election of 1921 when the U. F. A. landslide defeated the Liberal government. Mr. Skelding was no orator, his voice was seldom heard on the floor of the house, but in committee he was looked upon as one of the most valuable members of the house, and for this reason he was most highly respected by the cabinet ministers of the day. In this way George was able to get a great many improvements for his constituents in the Macleod riding, especially road improvements.

The Funeral

The largest and most representative funeral that has been witnessed in Macleod for many years took place Tuesday afternoon, when the mortal remains of the late George Skelding, ex-M.L.A., were laid to rest in the Macleod cemetery. Mr. Skelding has been a prominent figure in the business life of Macleod for exactly 40 years, having come to Macleod in 1887. He has been in the coal business all these years, with the exception of a year or two when he arrived first in Macleod, and for many years he was the only one in the business. In this way George Skelding was known to every person in town and country, for everyone required coal. It is a well-known fact that many a poor home was warmed in the depth of winter through the highheartedness of George Skelding, for he was never known to turn away any person who asked him for coal when they were in need, and no money to pay for it.

The large number of persons of all classes who turned out to pay their last respects to the deceased, testified in no uncertain manner the very high esteem and respect in which he was held by the people of the town and district. Every part of the farming district surrounding Macleod was represented at the funeral, and quite a number from outside points were noticed at the services. Among those from a distance were the Hon. Archie McLean, from the Bar-U Ranch, Judge Ives, Calgary; Supt. Junget, Lethbridge; S. J. Shepherd, Geo. Morris, Arthur Higinbotham, Norman McLeod, all from Lethbridge; Mr. and Mrs. D. G. MacKenzie, Blairmore; Alex. Morrison, Coleman; R. N. Wilson, the Kootenay, and Ed. McNeil, Stand Off.

There was a private service at the home at 2 o'clock, and the public service in St. Andrew's Presbyterian church at 2:30. The Rev. A. C. Wishart, minister of the church, conducted the services. He took for the basis of his short address at the church, the words, "Dust thou art, and unto dust shalt thou return." The principal mourners at the public service were Mr. and Mrs. A. E. Skelding and two sons, of Stand Off, cousin of the deceased, and Mr. Wm. Rennie, Calgary, brother of the widow, Mrs. Skelding. The pall-bearers were: Hon. Archie McLean, J. W. McDonald, K.C., Dr. Kennedy, D. J. Grier, George Pearson, and James Smith. A wealth of beautiful floral tributes were sent by a very large number of sympathizing friends. Over sixty cars followed the funeral cortege to the cemetery.

FIFTH FORTNIGHTLY CROP REPORT—ISSUED BY DEPARTMENT OF AGRICULTURE, GOVERNMENT OF ALBERTA, EDMONTON, JULY 16, 1927

Crops throughout the province have continued to make rapid growth during the past two weeks and conditions generally are regarded as very satisfactory, according to reports reaching the Department of Agriculture. Precipitation in most districts has been sufficient to put the soil in better condition in this regard than it has been at this season, off and on, up to about a month ago, when he was confined to the house, and latterly to his bed.

Damage from hail over the province so far has not been heavy. Local storms in a number of districts have left their mark, but losses from this cause have not been of a widespread nature. Insect damage appears to be very slight this season. In some northern districts wireworms have injured the crop to a slight extent, but not sufficiently to cause a serious reduction in the yield over the entire province.

In the southern and south-eastern sections of the province the crop continues to give excellent promise. Intermittent showers are carrying cereal crops and beets along well, and so far very little irrigation has been necessary. A splendid crop of alfalfa

THE MACLEOD TIMES AND MACLEOD WEEKLY NEWS

S. Dillingham, Editor and Publisher.

A weekly newspaper printed and published at Macleod, Alberta every Thursday.

(Independent in Politics)

THURSDAY, JULY 21st, 1927

SYNTHETIC INTOLERANCE

The ingenuity of man is responsible for the creation of many synthetic products, and it is a far and dry cry from synthetic gin to synthetic intolerance. Bertrand Russell warns us that we have definitely entered upon another cycle of intolerance that will be disastrous alike to the human mind and to the progress of civilization.

The prevailing tendency for the concentration of business and finance into powerful groups, places the control of trade and industry more and more into the hands of a comparatively few men, and who, by virtue of their enormous prestige and influence, deliberately attempt to mould public opinion in order to further the success of their undertakings. In this process, individual initiative will be crushed out, and with it will go independence of thought. Standardization and mass production have accustomed consumers to uniform types; uniformity in distribution and selling methods still further drive the consumer along the path of docile conformity.

Insensibly, the people will resign their freedom to the dictation of the leaders. This, says Russell, is the synthetic intolerance of capitalism, which threatens the world.

Glenn Frank tells us that modern society is a vast conspiracy against the individual, and in this very situation he finds the ideal environment for the stimulation of courage and resourcefulness, which brings to the top men who dare to take risks in the face of entrenched opinion.

But Bertrand Russell is not wholly pessimistic, for he says that part of the object of the prophet is to induce people to make the efforts necessary to falsify his predictions.

Whatever perils may lurk in the future, the condition will be made, and what man has made in one generation is but a transitory phase in the progress of civilization.

If we all thought alike there would neither be intolerance nor free-thinking. It is a sign of mental vitality when both are in evidence.

THE ANTIDOTE FOR WAR

Another constructive movement for the good of humanity has been decided on by the League of Nations in the formation of an international relief union which will provide the machinery for the prompt relief of suffering that may result from earthquakes, floods, and conflagrations throughout the world.

The League of Nations is the world's clearing-house for the highest humanitarian ideals prevailing among each of the fifty-five nations who have subscribed to the covenant.

To the League, credit must be given for the rapid spread of the idea of the unity of civilization and the fraternity of mankind, and the emotion of this idea, by almost imperceptible gradations, will destroy the prejudices and suspicions which have hitherto impelled nations to fly at each other's throats on very slight provocation.

An international relief union is the finest kind of an antidote for the spirit of war. Friendly aid and sympathetic co-operation in the alleviation of human misery will be more potent guarantees for permanent peace than all the conferences for the limitation of armaments, which only come to agreement in rules and regulations for the prosecution of war.

WHEAT POOL NEWS BULLETIN

Steady progress is being made in the campaign for the signing of the Second Series of Wheat Pool con-

tracts. Weather conditions have hindered the work of the canvassers to a considerable extent, nevertheless the contracts are coming into head office in a satisfactory manner. An encouraging feature is the number of new members who are joining the Wheat Pool. It is anticipated that over 500 new members will be signed up during July. Another feature of the drive is the larger acreages being signed up.

It is expected that the foundation for the Alberta Wheat Pool terminal elevator at Vancouver will be started next month. C. D. Howe, of wide reputation as an engineer, has been engaged to supervise the construction of the terminal. The

elevator will be completed in time to handle the 1928 crop.

W. J. Jackman, member of the Board of Directors of the Alberta Wheat Pool, has been appointed special representative of the Canadian Wheat Pool in Argentina. Mr. Jackman will leave in the early part of September for South America. Last year he made a special study of conditions there for the Pool. His knowledge of South America and his ability to speak the Spanish language fluently will be of considerable advantage to the Wheat Pool. A new director will have to be elected for the Edmonton district.

Suppose You Do It Yourself

Glance at the system of the New England Investment Trust. (The security back of Collateral Trustee Shares of the New England Investment Trust, Inc., consists of stocks of eighty companies, all listed on the New York or Boston Stock Exchange).

Nothing to compare with it, you judge, in safety and size of income.

The thought comes that you can copy this plan without joining the organization as a shareholder. There are the eighty stocks named out in the list.

In the opinion of expert bankers, the safest eighty in the Stock Markets, and the best conditioned for making a profit in price, stock split-up, dividends etc. Every one a leader in its line, every one a Dividend payer these five years at least.

With your money in eighty such well built baskets you feel safer than if in bonds, growing far faster too.

But the New England Investment Trust protects you with an analytical department over watching factors affecting these eighty stocks, is all set to sell in time and secure another stock up to the standard, with more knowledge than at your disposal. Then think of the 50¢ apiece saved you in bank charges on such a large number of dividend checks, whose face value individually totals say, \$5 to \$15. You make more money with less bother and fuller safety through the New England Investment Trust than any other form of investment. Write for further information.

Price at the market to yield about 7 1/2%.

EVERY CITIZEN OF MACLEOD & DISTRICT

is interested in the

GROWTH AND DEVELOPMENT OF THIS COMMUNITY

Remember Then That:

The business of a town is its very life-blood.

The stores and business houses are not alone for the merchants.

Prosperous merchants will make the community prosper. The more buyers there are in a town, the greater "turn over" the merchants will have, and thus the more they will be able to reduce prices and increase the quality of the goods they sell.

Thus By Trading at Home

with the home town merchants the people of Macleod become the builders of their own community.

No True Citizen

will stunt the natural growth and expansion of his home town by fostering the mail order business of far away communities.

Buy At Home

not to help the merchants, but to help the home community and yourself.

Raspberry Preserv- ing Season Delayed

RAINS AND COOL WEATHER HAVE DELAYED THE RIPEN-
ING OF RASPBERRIES ABOUT ONE WEEK, AND IT NOW
LOOKS AS IF THE PEAK WILL COME ABOUT JULY 27th,
WITH THE BERRIES LASTING INTO THE FIRST WEEK IN
AUGUST. WE SHALL FEATURE AGAIN THIS YEAR THE
FAMOUS HARROP RASPBERRIES. YOU KNOW THEM.
THIS OLD PLANET PRODUCES NO BETTER ANYWHERE,
AND THAT TAKES IN A LOT OF TERRITORY.

THE WHITE HALL

LOCAL AND PERSONAL NEWS

Dr. and Mrs. Alan Kennedy returned last week from Scotland, who will preach in Lethbridge.

James Davey has left for a six weeks' trip to Eastern Canada and United States points.

Macleod Base Ball team defeated Pincher Creek team at Pincher on Wednesday evening—score 7-1.

Rev. W. E. Kelly, Presbyterian minister of Lethbridge, will conduct both services in St. Andrew's Church on Sunday, next (July 24th).

Fred Thael, of Lethbridge, was a business visitor to town on Wednesday.

Mr. and Mrs. W. Fleming were motor visitors to Waterton Lakes on Sunday.

Miss Goodall, of Calgary, is staying with her parents, Mr. and Mrs. S. Heap, of Macleod, for a few days.

William Renwick, former hardware merchant here, was in Macleod for a few days this week visiting his sister, Mrs. George Skelding.

Charlie Thornton, who is shortly opening a butcher business at Armstrong, B.C., was presented with an engraved set of cuff links by the B.P.O.E. Lodge on Tuesday evening, also on Wednesday he was the recipient of a handsome club bag.

In the absence of Rev. A. C. Wishart, who will preach in Lethbridge.

Mrs. C. Murdock was a visitor to the Calgary stampede last week.

F. Wood, of Calgary was a business visitor to Macleod this week.

Mr. and Mrs. F. Culter and family motored to Lundbreck on Sunday last.

Miss Margaret Hamilton is spending a camping vacation with Miss Jean Ringland at Sylvan Lake.

George Dooley and Arthur Stickley, of the Calgary Herald Staff, were business visitors here this week.

Mr. and Mrs. J. Swinerton accompanied by Miss Marguerite are spending a few weeks' holidays at the coast.

Mr. and Mrs. Whittle, of Vancouver, are holidaying with Mrs. Whittle's father, Mr. Curren Grier, of Macleod.

George Palmer, of Vancouver, and formerly of Macleod, is in town this week meeting his old friends and acquaintances.

John Dillingham, accompanied by Mrs. S. Dillingham and Mrs. M. Jordan, motored to Lethbridge on Thursday (today).

J. Neal returned on Wednesday from Edmonton and northern points where he had spent the past few weeks visiting friends.

Neil McCaig, William Armer and George Moore made a trio of Macleod old timers who attended the stampede in Calgary on Friday and Saturday of last week.

Willard J. Shultz, well known Indian author is spending a camping vacation on the Blood Reserve, securing data for a new book which he hopes to publish soon.

P. A. McFarquhar has received appointment by the Civil Service Commission at Ottawa as Head Stockman of the Blood Indian Agency with headquarters at Farm 4, Stand Off.

Jos. Hicks has for the past three years been experimenting in the production of a new variety of potato propagated from seed balls on the vines. A peculiarity of potato propagation from seed balls is that new varieties occur constantly in this process whereas a variety planted from potato eyes continues its characteristics indefinitely. Amongst numerous new varieties Mr. Hicks has raised from seed balls he is especially pleased with one that this year has proved especially productive and early having yielded usable potatoes prior to the plants blossoming.
